Please complete the attached registration forms, along with your past medical history
Mail completed paperwork to our office to expedite appointment registration. Forms can be brought to appointment completed if not enough time to mail back.

- Day of appointment: *Please check in 30 minutes early,* **this is required for all Initial New Patient** consults (see check in time above)
  ~Provide insurance cards **~Provide copy of current medication list**
  ~Leave urine sample **~We will collect your Copay at check-in**

***Checking in early for appointment allows our office to update your chart & get you ready to see the doctor at your *Scheduled Appointment Time* *(Checking in late could cause appointment re-schedule)**

Managed Care: If your insurance requires a referral from a primary care physician or the referring physician, please be advised that it is your responsibility to contact your primary care physician or referring physician for your insurance prior authorization to be submitted prior to the appointment in our office. This process assures that the services provided are paid by your insurance company and not forwarded to patient responsibility.

Private Pay: Patients should be prepared to pay $150 at your initial appointment and sign a private pay form noting the amount that will be paid monthly until account is paid in full. A 10% discount is applied to all dates of service for private pay patients only.

Medicare: We will gladly submit your claim to Medicare. You will be required to sign an Advance Beneficiary Notice (ABN) that Medicare may not pay for all the health care costs your physician finds medically necessary. The purpose of the ABN is to help you make an informed choice about whether you want to receive these items or services, knowing that you will have to pay for them yourself or the charges will have to be submitted to another insurance company, i.e. leg bags, Foley catheters, certain medications, etc. Medicare only pays for covered benefits. Some items and services are not Medicare benefits and Medicare will not pay for them. If you're not sure what Medicare benefits are covered, please contact Medicare or review your policy benefits. If you have any questions, please see our business office. We would be happy to assist you.

Oregon Health Plan (OHP): If you have coverage through Oregon Health Plan you must present a current card and copay, if required, at the time of your visit or your appointment will be rescheduled. If your care is managed, we need to be made aware of this when your appointment is scheduled. This will allow us time to get the necessary insurance authorization in place from your primary care doctor prior to your visit. If insurance prior authorization is not received prior to your appointment, appointment will be rescheduled.

Workers Compensation: If you are seen for a work-related injury you must present the following: Name and address of worker's compensation carrier, date of injury, state of injury and active claim number.
